**New restrictions at SSM Health retail pharmacies/prescription centers**  
*Curbside pick-up and complimentary delivery services offered*

JANESVILLE, WI (March 24, 2020) - To further protect patients and our health care teams and to help reduce the spread of COVID-19 in our communities, SSM Health is suspending normal pharmacy/prescription center services in our locations across Wisconsin. Starting Wednesday, March 25, we no longer will allow patients to come directly to a pharmacy/prescription center or pharmacy/prescription center waiting area to pick up their medications.

Instead we ask patients to use the telephone numbers listed below to arrange curbside pick-up or free-of-charge delivery based on how urgently the medication is needed.

In addition, we have temporarily closed operations at a few of our locations and arranged for another SSM Health pharmacy to take their calls and fill prescriptions. The closed sites include our Reena Avenue location in Fort Atkinson. In some cases, we also have adjusted some pharmacy hours which are reflected in the information below.

To arrange for curbside medication pick-up, patients will be asked to phone the pharmacy in advance to arrange a specific time to receive their prescriptions. We also encourage patients to check with their insurance providers to exercise their 90-day prescription provisions. Please contact your local SSM Health pharmacy for assistance.

We thank the community, patients and visitors for their patience and understanding during this time.
